## SITUATION ALARMING.

Yellow Fever Shows No Cessation. Four Deaths Today in New Orleans.

WEYLER CERTAINLY RECALLED

Will Disgrace Cuba No Longer By His United Presence.

SENATOR DEBIE IN WASHINGTON.

There were three deaths from yellow fever yesterday at New Orleans and one death at Mobile. Twenty-nine new cases were reported at New Orleans, seven at Mobile, four at Grand Bay, nineteen at Edwards, two at McHenry, three at Fontainebleau detention camp, twenty-eight at Biloxi and a suspicious case at Grand Bay, near Mobile.

New Orleans, Oct. 2.—The spread of the yellow fever is very alarming, and the people of this city are greatly aroused. There have been four deaths today and many new cases in this city.

DEBIE AFTER PIL.

He Sees the President and Makes Known His Wants.

Washington, Oct. 2.—Senator Debie has called on the President and has urged that Congress be appointed collector of the Fifth district on Monday.

HAS BEEN RECALLED.

The Infamous Weyler forced to Resign.

Madrid, Oct. 2.—It is announced as a certainty that General Weyler has been recalled from Cuba.

ASMOND

Lowers the Track Record at Princeton.

Princeton, Ky., Oct. 1.—The third day of the Caldwell county fair was marked by one of the best crowds ever assembled on the grounds. In the show ring some fine specimens of thoroughbred brood mares and general purpose animals were shown, as well as a good lot of high bred colts and fillies.

The racing was spirited and some exciting finishes were made.

In the 2:30 trot the track record was broken by Asmond, owned by Gus Thompson, of Paducah, in 2:27, and considering the dusty track it was fast time.

Summaries:

First race—Unfinished 2:30 pace: Final heat and race won by Asteroid in 2:32.

Second race—Mile dash, running: Don Pedro won. Fannie Miss second. Time, 1:52 1/2.

Third race—2:30 trot, best three in five: won by Asmond, with Mary Gill second. Time, 2:27, 2:28, 2:29, 2:30.

In the third heat of this race St. Josie fouled Asmond and horses, drivers and jockeys all piled in a heap on the home stretch, and Mary Gill, a rank outsider, won in the slow time of 2:39.

Fourth race—Two in three heats for 2-year-old trotters or pacers: won by Mayor in 1:55.

In the novelty two-mile bicycle race C. E. Tandy, of Hopkinsville, won the first two quarters; A. Roberts, of Henderson, last two quarters. First half, 1:26; mile, 3:08.

THE POPE QUITE ILL.

Doctors Fear He Cannot Recover From Present Illness.

London, Oct. 1.—The "Globe" this afternoon says it hears the Pope's weakness is increasing and that the church dignitaries are afraid he will not rally from the extreme feebleness and exhaustion he now betrays.

NEW SPANISH PREMIER.

Senior Sagasta Forming a New Cabinet.

Madrid, Oct. 2.—Senior Sagasta, the liberal leader is forming a new cabinet. His selection means the downfall of Weyler and the settlement of the Cuban War.

\$4.00

Is the Amount Paid for the Robins Glass and Queensware Stock.

Mr. Jas. A. Rudy, assignee, this afternoon sold at public auction the stock of the Robins Glass and Queensware Co. Representatives of the creditors and Messrs. Jerry P. and Jake Biederman were bidders. The bids began at \$1000 and went up to \$6000. Mr. Jake

Biederman securing the stock at that price.

The unexpired lease of the building, for nine months, was sold to Mr. Biederman at \$80. The bids for this started at \$30.

Mr. Biederman stated he could not at present give out what he would do with the stock. It is reported, however, that the young men composing the old company, together with Mr. Wynn Tully, and Mr. Biederman, will comprise the new firm.

THE PEARSON CASE.

It is Still in the Hands of the Jury.

The jury, at presstime, still had the Arthur Pearson murder case.

A jury has been secured in the Franklin case, and the trial has begun.

THE WATER COMPANY

Preparing to Enlarge Its Excellent Plant.

Will Put in a Fine 6,000,000 Gallon Pump Within a Year Or More.

The Paducah Water Company is now negotiating for the purchase of a fine 6,000,000 gallon pump, to be substituted for the pump now in use, which has a capacity of only 2,000,000 gallons.

Mr. Frank W. Holly, of Lockport, N. Y., who put in the machinery for the water works when they were constructed several years ago, has been in the city for several days, negotiating with the company, and another gentleman has been here for about a week advising with the company.

Mr. Muscoe Burnett, superintendent of the company, was seen this morning, and stated in reply to an inquiry that the Water Company would put in the 6,000,000 pump some time within the next year or eighteen months.

The change is rendered expedient by the increase in size of the city and the increase of population, the increase in business and the construction of the sewerage system. Statistics show that there is an increase of waste and usage of 50 per cent. where sewerage is constructed.

The company will put in the finest machinery, its estimated cost being \$20,000, or \$25,000. The advantages to result to the city by such an increase of capacity and water facilities cannot be overestimated. The people will be greatly benefited by it, one of the principal advantages to be the fire protection that will be afforded, protection from fire being one of the most important things known to the property owner.

It is understood that the company will receive bids for putting in the mammoth pump.

Although it is somewhat early to be talking about the improvement, its importance is such that it means much to the city. The plant will necessarily have to be greatly enlarged to accommodate the colossal machinery.

MURRAY SENSATION.

Prominent Merchant Takes sudden Leave.

There are Ugly Rumors About Abom Him.

Quite a sensation was created here on the streets today when it became known that D. L. Grace, a prominent business man, and senior partner of the firm of Grace & Hill, had sold his interest in the firm and with his wife and four children had left the town.

The cause of the sudden departure, it is alleged, was a Miss Greenfield, daughter of a prominent and well-to-do farmer, living about ten miles north of Murray, who claims that Grace betrayed her. Grace was quite prominent in religious and political circles, and made the race for county clerk at the last Democratic primary, getting a very good vote. Murray dispatch to Louisville Times.

"HOGAN'S ALLEY"

At Morton's Opera House Next Wednesday Night.

Gilmore & Leonard's "Hogan's Alley" Company, a farce comedy in three acts, will be the next attraction at Morton's opera house.

"Hogan's Alley" was constructed especially for the fun-loving public; its plot being only to please, there being not a dry moment during its action, and fun reigns supreme from the rising to the falling of the curtain. Each character being represented truthfully and not overdrawn.

The New York "World" has spoken of it as a comedy that has never yet been equalled.

## LOCAL HAPPENINGS.

Safe Blowers Abroad Last Night. A Lost Diamond. Rousing Republican Meeting.

Mayfern's History. "Big Sandy's" Escapade. A Sign of Rain. A New Partnership. Other Items of Interest.

Last night burglars made a raid on the coal office of Eades & Lehnhard, at Ninth and Harrison.

They gained entrance by breaking a window, and broke open every drawer in the office. Papers, books, accounts and everything else were scattered in endless profusion everywhere, and it was a startling view that greeted the proprietors when they opened up this morning.

In addition to breaking the drawers and desks, the burglars made an effort to work the combination of the safe, and there were evidence of its having been tampered with, but so far as could be learned nothing was stolen, the thieves not having succeeded in getting into the safe.

The police were this morning notified, but could find no clue leading to the identity of the thieves.

The Republicans held the most enthusiastic meeting of many months last night. All the candidates were out.

A rousing speech was made by Hon. Jerre Porter, and also one by Col. Henry H. Houston, who had stayed after false gods. He was warmly welcomed back into the fold, however, and will make no speeches for Shackelford, as some of the free-silverites have expected him to do.

He publicly announced himself for the entire Republican ticket from Bradley down to the municipal ticket. All the candidates spoke.

Mr. Mike Korte, of the St. Louis department, will pay fifteen dollars for a certain fish, if it happens to be the right fish.

He went over to the lower lake, in Illinois, last Monday, fishing, and dropped a \$50 diamond ring into the lake. As fish jump at anything glittering, he is of the opinion that his "spark" has by this time been surrounded by the digestive apparatus of some lucky specimen of the finny tribe. Over Patrick informed him that such instances were of frequent occurrence.

Mayfern, Paducah's famous little trotter, who waked off with a \$2,000 purse at Terre Haute day before yesterday, is becoming much sought after. Mr. R. M. Allen, her owner, yesterday received another telegram offering him \$2,000 for her. The first offer was from another gentleman at Terre Haute offering him \$2,500, which was also declined.

Mayfern was bought originally by Dr. W. H. Sanders, for R. M. Allen & Co., from F. F. Pierce, at Gallatin, Tenn., the price being \$200. She is by Elsie Field and Red Fern, and her subsequent record has proven her sterling worth. She was purchased from Allen & Co., by Allen and Boswell, and is now owned exclusively by Mr. Allen, it is said. It is thought she will win a world wide reputation by lowering the world's record.

Mr. F. A. Huffy, is advance agent of the American Operatic Specialty Company, whose southern tour was cancelled on account of yellow fever.

The company is in the city and will tomorrow give two sacred concerts at La Belle Park, one at 2:30 in the afternoon and the other at 7:30 in the evening. The company comes highly recommended.

Yesterday afternoon a gigantic ducky known in Fisherville as "Big Sandy" put on his war breeches. He has been estranged from his dusky mistress by a railroad "coon," and does not at all relish the treatment he is receiving.

Yesterday afternoon he accosted Officer Crow out on Washington street and asked him if they could do anything with a man for carrying a pistol, if it was not concealed. He was told that nothing could be done, and in a short time the officer saw him parading up in front of the woman's house with a big navy-six strapped to him. He frightened the woman into convulsion fits, and she had to call the officer. The darkey was made to discard his gun and leave the locality.

Many of the farmers wore cheerful smiles today, for they say they have seen signs of rain.

"I heered the old crows hollerin' last night," one explained, "and when you hear them you can shore count on rain."

There is nothing the farmers need or want more at present than rain. They want it worse than they want free silver, and most of them are now convinced that a rain would "do 'em a blamed sight more good" than the other.

So far as can be learned, Jack Frost hasn't hurt the 'simmons.

Fiscal court convenes in regular session next Tuesday, with County Judge Tully presiding, and preparations are now being made for it. The magistrates all hope for cool

## THE DEBATE.

Hon. W. D. Bynum Passes Through En route to Mayfield.

A Very Small Crowd Left the City to Attend.

Hon. W. D. Bynum, of Indiana, passed through the city at noon en route to Mayfield, where he this afternoon meets in joint debate Congressman Charles Wheeler.

The following crowd, much smaller than expected, left the Union Depot on the same train to attend the speaking: Hon. W. J. Stone, Messrs J. L. Powell, J. T. Myles, D. A. Cross, Jas. E. Wilhelm, W. C. Clark, Mark Weston, Henry Bradley, W. H. McPherson, Geo. Emery, L. S. Glaves and Clem Whittemore.

The crowds will return on a local about 6 o'clock this evening.

The number was a sore disappointment to the railroad agents, as they had been led to believe by the opportunities for facilities during the past week, that a large crowd would attend.

## CRIFTWOOD

Saved From the Waters, Corralled on the Levee.

Items of Special Interest to River People.

The W. K. Phillips was away for Cairo this morning on time doing a very good freight business.

The dredge boat began dredging out the chute at the head of the Island Monday.

Capt. Given Fowler received a telegram from Nashville parties yesterday afternoon wanting ship carpenters.

The Mary N. goes to the bank tomorrow to better water makes its appearance.

Pilot Alex Woolfolk, of the ferry boat, was taken home sick yesterday afternoon. Capt. Austin Owen is filling his place.

Mr. John Blaire, of the harbor boat, Mary N. leaves Monday for Nashville where he will spend several days at the Centennial.

The two packets, Plucky Bay and Eureka are due here this afternoon. The former from Columbus, and the latter out of the Cumberland River. The Eureka is expected to have a big trip of heading timber.

Thirty-two inches is the best water to be found in the Tennessee at present. The steam Tennessee is only able to make her trips with the aid of a lighter, her officers report the water to be very thin in that stream and still falling slowly.

The palatial new steamer Tennessee, leaves here this afternoon at 1 o'clock en route up the Tennessee River to Watkinson. She is expected to carry a big freight trip as usual.

The Ashland City arrived here late yesterday afternoon out of the Tennessee after spending several hours upon a sand bar. She left on her return to Danville at 6 p. m. with a fair freight trip.

The H. W. Buttrick left last night at 10 o'clock en route up the Tennessee to Danville, where she will run in the place of the Edgar Cherry, which is tied up on account of low water. The Cherry's people seem to be having no little trouble in securing a suitable boat. They first secured the P. D. Spages, which had to retire several days ago owing to a broken shaft; then they got the Luis E. Warren, which proved to be a failure in the trade and now as the last resort have taken the handsome Buttrick.

Some one asked Capt. Dave Woods, general commander of the fast and palatial steamer, Eureka, if he carried ice water on his boat. He said no, replied the Captain, what's the use when there is a spring about every half mile on the Cumberland River, and when we get thirsty we go to the spring for a drink. "Well isn't that a heap of trouble landing the boat just for a drink?" he was asked. "Oh! no he said, we know where the springs are located and when we get thirsty we get the skiff and row ahead of the boat, get a drink and by that time she is up even with you, and all you have to do is to pull out to her without her stopping her wheel at all. Every body knows the Eureka is unsurpassed as to speed."

THEY SKIPPED.

But Constable Miller caught them.

Constable Anderson Miller arrested Tom Perkins and John Long, two young white men of Ballard county, near Massena a day or two since for engaging in a fight at a fish fry in Ballard. They came to this county to escape arrest.

#### WRITTEN AT RANDOM.

It is a strange state of affairs that prevails in this county, as well as many other counties in the neighborhood. The farmers find themselves between the Devil and the deep blue sea, as it were. In the day time their tobacco and other crops are parched and baked and burned by the sun, and at night they are ripped and blighted and ruined by the frost. It is difficult to determine, when a crowd of farmers get to talking, which has damaged them more, the sun in the daytime or the frost at night.

The drought in Kentucky seems far reaching and severe, and those who have been praying for rain have come to the conclusion that Providence must have gotten hold of some of the comic papers and decided that water is so seldom used in Kentucky it would be wasting the celestial water supply to send us a rain. If something isn't done with those witty wags and caricaturists, there's no telling what will become of the country.

The man who refuses to put an advertisement in the paper because he says it doesn't pay is usually the first one to come around for the purpose of exterminating the reporter for free when his name appears in the police court report.

—And didn't really know that the clanking of the triple-plated gubernatorial tiara that has been hanging suspended above his head by a single hair was about to break loose and send him out of the shades of political oblivion to which he consigned himself on that memorable day when the Calloway county court house was irrigated with salty tears of regret.

Now is the above, clipped from a contemporary, for a tentatively mixed metaphor? Think of a "clanking triple-plated gubernatorial tiara," hanging like the sword of Damocles, by one stray hair! And just conceive, if you can, of what a calamity would ensue were this sword-like gubernatorial tiara, suspended by a single hair, to break loose. According to the above it would be to break loose something we get scared out of the shades of political oblivion. It is not just settled what the shades of political oblivion are, but they are common talk these days, and we are told that the gentleman above consigned himself to them because the Calloway county court house, on a memorable day, date not given, was irrigated with salty tears of regret. It is perhaps the first time in the history of the world that a clanking, sword-like gubernatorial tiara suspended by a single hair, perhaps a red one or maybe a black one, was about to break loose and send him out of the shades of political oblivion, into which he voluntarily went because somebody else made the court house at Murray no wet with salty tears of regret. Salty tears are a bad thing to irrigate anything with, especially a court house. And judging from the tenor of the clipping the shades of political oblivion have at last been located. They must be near Murray, for when a man is in a place that has been irrigated with salty tears of regret, he cannot escape very far, and it is told us that he was directly after these tears, that he consigned himself to the shades of oblivion, where it is hoped he is at last out of reach of that dreadfully clanking, triple-plated gubernatorial tiara, that hangs by a single hair, color not given, and threatens to break loose and stir up thunder generally.

#### BAD LIQUOR

Gets Chas Leverter, the Barber Into Trouble.

#### A GRAVE CHARGE AGAINST HIM.

Arrested For Attempted Criminal Assault—His Statement.

#### OTHER POLICE COURT NEWS

Chas. Leverter, a barber employed at Jones' shop, on Broadway, was arrested last night about 12 o'clock on a charge of attempted rape.

He is charged with having gone to the residence of Ben Hardin, on South Second street, opposite Lagerstaff & Orme's mill, and after taking several drinks of whiskey with having unlocked the door to a room in which Emma Hoskins, a niece of Hardin, was asleep. He succeeded in getting into the bed, and the girl's screams aroused her cousin, Ben Hardin, Jr., in an adjoining room. He ran to her rescue, and kicking Leverter out struck him with a bar. Leverter was left for dead, but when Hardin surrendered to the police, thinking he had killed him, the latter was found at his home on Tennessee street.

He has been out of the penitentiary but a year or more, where he was sent for obtaining money by false pretenses. He and another man were convicted for going about the country playing Indian doctors, thus defrauding the people of their money. Leverter is part Mexican and part negro.

The case was called in the police court this morning and continued until Monday. Hon. E. W. Bagley was employed by the defendant.

Leverter stated to a Star reporter this morning that he was drunk, but he had been on intimate terms with the girl for some time, and it was not the first time he had been in the room. He said old man Hardin gave his consent, but that the young Hardin objected and his presence is what caused all the trouble last night. He said further that he was compelled to move from a house in the same yard with Hardin because of his attention to the girl.

The case against Moll Edwards, charged with using insulting language and being disorderly, was called in the police court this morning and dismissed for want of proof.

J. H. Haydock and his wife, Mattie, were charged with being disorderly. Officers Eaker and Orr arrested them at Seventh and Tennessee streets last night. They were using bad language, and both had been drinking.

The man was trying to get the woman home.

They were fined \$3 and the cost each.

Chas. Allen, colored, was taxed \$1 and costs for drunkenness.

To the "West-End Sportsmen": It has come to our notice that several prominent "shooters" have been shooting quail in this state near the city.

For their benefit we will state the law is not out until the 15th of November, and in future any violator will be prosecuted. The farmers have been instructed to take the names and report to the local committee.

#### U. S. DISTRICT ATTORNEY

#### Smith Will Move to Louisville and Louie.

Hon. W. M. Smith, add his handsome brick residence on North street Wednesday in Mr. H. Gardner at a consideration of \$5,000, says the Mayfield "Mirror." Mr. Gardner sold his residence on West Broadway to Mr. J. L. Stunston for \$1,500. Mr. Smith is preparing to move to Louisville for permanent residence and will give Mr. Gardner possession in about two weeks. Mr. Smith will open a law office there when his term as U. S. district attorney is out which is next February. His present plan is to form a partnership with his sons Harry and Terry and do a general law practice. Harry has already graduated in the Louisville law school and taken a post graduate course in the University of Virginia; and Terry will enter the Louisville law school this fall. The young men are bright fellows and in time will doubtless rival the proficiency of their father in the law profession.

Every one in Graves county will be sorry to lose the citizenship of Mr. Smith and family; but will be gratified to learn of their prosperity in Louisville.

The House of James Smith, a Farmer, Entered.

A bold burglary was committed last night at the home of James Smith, a well known farmer of near Oak Level, Marshall county.

Burglars, evidently some one familiar with the place, broke through a window and stole \$1,500 in money, notes and other valuable papers.

Thus far, no clue has been discovered to the perpetrators. The loss falls very heavily on Mr. Smith.

**WHEELER CALLED DOWN.**

Some Light Thrown On Mr. Van Selden's Recent Visit.

Said That He Demanded a Re-creation and Apology.

There is a big sensation about here over the recent visit of Mr. H. W. Van Selden, former private secretary to ex-Secretary of the Treasury John G. Carlisle. Congressman Charles K. Wheeler, in his joint discussion at Benton September 1st, with ex-Lieut. Gov. J. R. Hindman, made some references to Mr. Van Selden's recent business troubles. Among other things he said that Van Selden was arrested in Washington for financial crookedness, and that if the light of investigation were turned on some former transactions perhaps some of the horses would also be caught.

Mr. Wheeler, after making the assertion, went to the newspaper correspondents and asked them to omit it from their report. The publication was, however, made in the Paducah "Register," and Mr. Van Selden read it. He passed through Louisville a few days ago and was accompanied here by N. J. Dillmy, his former business partner. It is known that they met Mr. Wheeler here at the Palmer House by appointment, and a written apology was demanded. Mr. Wheeler is understood to have denied making the charge exactly as printed, and made an explanation and apology. Paducah dispatch to the Courier-Journal.

**Pure, Fresh Corn Meal**  
Made of select corn.

All manufactured and for sale by the undersigned.

Second-hand flour barrels, our own preferred, bought for cash at our corner shop, across the street.

We pay the highest cash price for wheat and corn. We also sell corn, bran and chicken feed and exchange any and everything in our line for wheat or corn.

Come to see us, or communicate with us, Street No. 229, South First, Telephone No. 356.

We spend our money at home for the raw material! Let us have some of it back for the manufactured article, so that we can continue to do business ourselves and at the same time help you. The money we pay out for grain and labor mostly stays in town, and the more our own people consume of our output the more we can make a market for home-grown breadstuffs and home labor. Business makes money circulate, one transaction helps another, and so it passes from hand to hand, and the community is helped. Yours for good times,

Errors of refraction of the eyes are daily assuming more importance and are engaging more than ever the attention of the optician. Even the illiterate is becoming interested, after discovering how much science is able to improve the vision and aid the defective eye to enjoy the beauties of nature in the same degree as the perfect eye.

It is a fact now generally known and conceded by all oculists and ophthalmologists that certain so-called "eye diseases," as well as many cases of chronic headache, neuralgia and nervous prostration are due to irregularities of the refractive media.
